A TALE OF TWO CITIES .- "Three murders sum up the record of the horrors produced by Sunday rum within the last twenty-four hours," says Monday's New York Herald. "Love, hate and rum are doing the deadly work of cholera and war," "I have the honor to sunounce that I have no report to make," said the Richmond (Va.) chief of police, on the same morning. There had not been an arrest made during the previous fortyeight hours. Among the latest lengthy disquisitions of the New York press, was one showing the sad religious destitution of the Southern people, and the need of sending them missionaries.

There are indications, according to a St. Paul (Minn.) paper, of a Fenian gathering on our North-west frontier, with a view to raiding on Fort Garry, in Winnipeg Territory. We advise our Fenian brethren not to do it. They might be successful, but the capture of the whole Territory, with the Hudson Bay Company's property and all the half-breeds in the country, would not help them one jot toward securing the liberty of

A negro in Madison, Ga., attempted to outrage a respectable young lady, a few days ago, as she was on her way home from school, in company with a younger brother. He was unsuccessful in the attempt, but was arrested and confined in jail. The excitement was very great, and on Monday night a party of armed men went to the jail, forced the door, and shot the negro dead in his cell. 19

An unknown colored man was found on James Island, a few days ago, with his skull terribly fractured and several cuts on his face. At last accounts he was in a comatose state but no hopes are entertained of his recovery.

THE CAUSE AND CURE OF CON-SUMPTION .- The primary cause of Consumption is derangement of the digestive organs. This derangement produces deficient nutrition and assimilation. By assimilation I mean that process by which the nutriment of the food is converted into blood, and thonce into the solids of the body, Persons with digestion thus impaired, having the slightest pre-disposition to pulmonary disease, or if they take cold, will be very liable to have Consumption of the Lungs in some of its forms; and I hold that it will be impossible to cure any case of Consumption without first restoring a good digestion and healthy assimilation. The very first thing to be done is to cleanse the stomach and bowels from all discleans the stomach and bowels from all diseased mucus and slime, which is clogging
these organs so that they cannot perform
their functions, and then rouse up and restore
'the liver to a healthy action. For this purpose the surest and bost remedy is Schenck's
Mandrake Pills. These Pills clean the stomach and bowels of all the dead and morbid
slime that is causing disease and decay in the
whole system. They will clear out the liver
of all diseased bile that has accumulated
there, and rouse it up to a new and healthy
action, by which natural and healthy bile is
secreted.

of all diseased bilo that has accumulated there, and rouse it up to a new and healthy section, by which natural and healthy bile is secreted.

The stomach, bowels and liver are thus cleansed by the use of Schenck's Mandrake Pills; but there remains in the stomach an excess of acid, the organ is torpid and the apetite poor. In the bowels the lacteals are weak, and requiring strength and support. It is in a condition like this that Schenck's Yea-weed Tonic proves to be the most valuable remedy ever discovered. It is alkaline, and its use will neutralize all excess of acid, making the stomach sweet and fresh; it will give permanent tone to this important organ, and create a good, hearty appetite, and prepare the system for the first process of a good digestion, and ultimately make good, healthy, living blood. After this preparatory treatment, what remains to cure most cases of Consumption is the free and persevering use of Schenck's Pulmonic Syrup. The Pulmonic Syrup nourishes the system, purifies the blood and is readily absorbed into the circulation, and thence distributed to the diseased lungs. There it ripens all morbid matters, whether in the form of abscesses or tubercles, and then assists Nature to expel all the diseased matter, in the form of free expectoration, when once it ripens. It is then, by the great healing and purifying properties of Schenck's Pulmonic Syrup, that all ulcers and cavities are healed up sound, and my patient is cured. The essential thing to be done in curing Consumption is to get up a good appetite and a good digestion, so that the body will grow in flesh and get strong. If a person has diseased lungs—a cavity or abscess there—the cavity cannot heal, the matter cannot ripen, so long as the system is below par. What is necessary to cure is a new order of things—a good appetite, a good nutrition, the body to grow in flesh and get fat; then Nature is helped, the cavities will heal, the matter will ripen and be thrown off in large quantities, and the person regain health and strength. T

may require it.

Full directions accompany all my remedics, so that a person in any part of the world can be readily cured by a strict observance of the same. J. H. SCHENCK, M. D., Philadelphia. For sale by druggiets and dealers every-where. JOHN F. HENRY, 8 College Place, New York, wholesale agent. Nov 19 ty

THE WARNING HAS BEEN HEEDED. Since the exposure of the attempts made by certain unscrupulous local dealere, to palm off their coarse astringents, made from cheap and impure materials, in the place of the great national tonic, HOSTETTER'S STO-MACH BITTERS, public opinion has set strongly against these empiries and their preparations. Their occupation is gone, or soon will be. When the light is let into deception, it soon wilts down. Persons who trifle with their own health, by using unknown preparations, with no guarantee to sustain them, when an established specific, proven by twenty years' experience to be exactly what it is claimed to be, is within their reach, are sure to repent their temerity. Many have done so in this instance, but it is hoped that the truth plainly spoken has arrested the evil. In the meantime, the demand for the leading protective and restorative medicine of America was never so great as it has been this season. From the fever and ague districts of the West, South-west and South, it is literally overwhelming, and it may be said of the advices from all parts of the country of the cures it is effecting in dyspepsia, bilious complaints, and chronic constipation, that "their name is legion." Everywhere the sick and feeble seem to have realized the importance of "holding fast that which is good," and of avoiding what is spurious and dangerous.

Vegetable Blood and Liver Pills.

Pure Bile! Pure Blood! Pure Flesh!

A MUCH needed medicine, in all tropical climates, is a Blood Purifier and a Liver Regulator. These PILLS combine the essential properties of an Invigorator of the Liver and Purifier of the Blood. The largest organ in the body is the Liver. It is the great work-shop of the body. When this important organ does not act, the skin becomes sallow; sick headache sets in, with chilly sensations; cold hands and feet; pain in the head; hectic fever; gastric disturbance; vomiting; a feeting of weight in the region of the Liver; a fersign of the liver, across the stomach, and below the ribs; oppressed stomach; face semetimes derangement, are soreness in the region of the liver, across the stomach, and below the ribs; oppressed stomach; face sometimes flushed; foverishness in the afternoon or at night; drowsiness and indolence; nervous watchfulness at night; melancholy, blues; dreams, commonly frightful; chest oppressed and heavy; darting pains in the abdomen; faintness; sighing; difficult and short breath; pain in the chest, about the lungs, commonly mistaken for pleurisy; shifting pains, like those of rheumatism; colics; sometimes a short, sharp cough, with dryness of throat; unpleasant throbbing about the stomach; excess of dandruff, and scurfy deposit on the skin; falling of the hair; fulness and straitness of the abdomen, with desire to loosen the clothing, sour stomach, with symptoms of dyspepsia; bilious colics; diarrhoa; dysentery; fevers; obstinate constipation; intermittent fever, or fever and ague; jaundice; costiveness and diarrhoa alternately; expectoration stringy and sticky; foul month in the morning, often nausea and vomiting; dizziness; pain in the right shoulder, sometimes in shoulder-blade; inability to lie on left shoulder. Seasonable use of the BLOOD AND LIVEB PILLS, taken as directed, will always prevent this painful termination of the disorder.

## TONIC BITTERS

IS composed of the best Anti-periodic Tonics known to the medical profession. The addition of certain ingredients has completely disguised the taste of the Tonic principle as to render it palatable, even to the most fastidious.

It augments the energy of the vital functions, exerting a powerful influence over the digestive, assimulative, sanguiniferous and nervous systems.

digestive, assimulative, sanguiniferous and nervous systems.

It proves salutary in the debility consequent upon all malarious diseases, violent bodily or mental exertion, in weakness of the constitution of both sexes, in nervous vertigo, head-ache, tic-doloreux, and many local pains, dependent on deficient energy in the nervous system. It also possesses laxative and alterative preperties, and will remove all biliousness from the stomach, increase the appetite, and invigorate the whole system.
